In all diseases of the liver,—as Billiousness, Headsche, Dyspepsia, Sour Stomach, and Costivenses—it quickly induces that organ to healthy eastion, and removes the causes at the same time. But now comes the crowning act of all. Although our lands were already assessed too high, fifty per cent is now added to their value by the order of a unanimously Democratic Board of Public Works. The following order from the Auditor will explain itself. We give an exact copy, and the original can be found by any one dealing to see it, at the office of the Clerk of the County Clerk:

"STATE OF WEST VIRGINIA,

And I hereby certify that fact to you as required by section 10, chapter 32, acts of 1882.

"Very Respectfully,
"Jos S. Miller, Auditor."

We could scarcely believe the words as as we read them:

s we read them: Fifty per cent! What does it mean, farmers?

It means that your thousand dollar farm already assessed too high, is now to be as sessed at fifteen hundred dollars! It means that a Democratic Board of Public Works, without evidence or knowledge of the facts, increases your taxes one-half!

It means that a lot of fellows sitting it easy chairs in Wheeling, have perpetrated this outrage upon you!

It is due to Mr. Edmiston to state that he voted and worked against this reassessment; and although we have no sympathy with him politically, it is only just that he should be held blameless for the outrage, o far as he is concerned. We do not write this article as an attac

We do not write this article as an attack upon the Democratic masses; they have to pay taxes, and we regret to say that they have clung together, notwithstanding the outrages. But—

Is it fair?

Will you permit it?

Taxes are doubled!
